

Truck Regulation Training and Events

January - June 2011

This page last reviewed January 11, 2011

On December 17, 2010, the Air Resources Board approved amendments to the Truck and Bus and the Tractor-Trailer Greenhouse Gas Regulations. Staff are currently working on dates and locations for training on the amendments to these regulations.

ARB will be posting dates, times, and locations below for public training seminars to discuss the specific requirements for the Truck and Bus Regulation and for the Heavy Duty Vehicle Greenhouse Gas Regulation. If you have general questions about the regulations, please call 1-866-6DIESEL (1-866-634-3735). The trainings listed on this page focus on providing the tools necessary to meet the regulatory requirements of the Truck and Bus Regulation and the Heavy Duty Vehicle Greenhouse Gas Regulation.

Date	Location	Time	Convention/Association Meeting
1/20/2011	<u>Imperial, CA</u>	1:30 PM - 4:00 PM	One-Stop Truck Event The One Stop Truck Events are for truck owners to learn about the regulations that affect their fleet. Attendees can learn how to inspect their vehicles along with learning about equipment used to comply with the regulations. Classroom training will cover: Idling, Heavy-Duty Vehicle Inspection Program (HDVIP), engine labeling, Truck and Bus Regulation, Drayage Truck Regulation, Tractor and Trailer Greenhouse Gas Regulation, Transport Refrigeration Unit Regulation, and associated funding opportunities. The event will also have local district and ARB staff available to provide one-on-one funding opportunity assistance. <u>Presentation</u>
